

Teaching I Like Bananas

by Dr. Julie Kherr

You may download the Banana Cards on the next pages to use in teaching this piece.

Put the food cards in one stack, and the animal cards in the other stack.

Hold up the animal cards (animals facing you so the student cannot see them). The student chooses an animal.

Repeat with the food cards.

Have the student play the piece with the new words:

For example: I like tomatoes just like a dolphin.

Repeat with the other cards!
