I Love Coffee is a rote piece composed of six variations. It was first published in *Piano Partners Book 1* by Bernard and Carolyn Shaak. It is reprinted by permission.

- Print these cards and cut them apart.
- Teach each variation by rote.
- Students may put the cards in order and play each variation, or students may draw a card and play that variation.
- This piece also works well in recital in ensemble. Each student may be assigned a variation to play.
